

SOA India 2008 Ropes in WebEx As Silver Sponsor

SDA Asia Magazine and sda-india.com has roped in WebEx as the Silver Sponsor for the second edition of SOA Conference, SOA India 2008. WebEx, a Cisco company, creates on-demand software solutions for companies of all sizes. Its online meeting applications and software services help customers all over the world fulfill their most ambitious goals for marketing, sales, training, and support. More than 3.5 million people use Cisco's WebEx products every month to communicate and collaborate online. And their 28,000 customers understand why they are the proven technology leader, with first-class global support.

Scheduled to go on floors on the 17th of November, SOA India 2008 features Axel Angeli, Yasmine Limberger, Dr. Sohrab Bhot, Lynton Grice, and many more international SOA experts speak on topics like Better and Faster BPM using Service Oriented Viewpoints, Process-Driven SOA, SOA for Shared Services Infrastructure, High Performance SOA: Tips, Tricks and Best Practices, and many more power packed sessions that would help you align IT with your Business.

This three day long conference will take place at the NIMHANS Convention Center, Bangalore. More details on speakers, sessions and registrations can be found on www.soaindia.com
